

## Emmanuel Day School

---

Ann McAree, Director  
director@emmanueldayschool.com

February 2010 Newsletter:

Mark your calendar for Friday, February 12 @ 1:00pm. Bjorn the Magician is coming to EDS! All are invited to attend.

Reminder: In house registration forms are due by Friday, February 12. Please return your completed form along with the \$75 registration fee by this date. We want to make sure that we have reserved placement for our current students and siblings. After said date we will open registration to new families on our wait list.

EDS will hold an open house on Saturday, March 6 from 9am-1pm. Please help us to spread the word about Emmanuel Day School by informing your friends. Interested families are also welcome to schedule tours during our school days as well.

Students are invited to share Valentine greetings with their classmates as a festive way to express our friendships! Class lists have been supplied via student mailboxes. Valentine's may be brought in throughout next week (Feb. 8-12) Each child has decorated a mail bag which will be displayed for students to deliver their special greetings.

Help Wanted: Publicity volunteer. Our hope is to be able to share news of some of our wonderful EDS happenings with the community by having pictures/articles published in the local newspaper. Please let me know if you are interested in helping.

**Change of date:** It has been brought to my attention that traditionally EDS has held graduation on the Thursday evening during the third week of June with the last day of school held on the preceding day. Please mark your calendar for this year's **Graduation Ceremony on Thursday, June 17**. Our **last day of school** will be on **Wednesday, June 16**. Please adjust your school year calendar to reflect the change of dates. I apologize if this causes any inconvenience to our families and hope that advance notice is helpful to all.

I want to express our appreciation to you, our wonderful EDS families for all you do throughout the school year. Your generosity in donating snacks, juice and supplies for special events helps greatly. As I mentioned on the registration form, we work hard to balance the offering our enriching learning environment and tuition for you. Together, we are able to achieve this. Thank you!

Happy Valentine's Day,  
Ann
