

## MEET OUR STAFF

The Emmanuel Day School professional teaching staff works as a team committed to the educational, social and spiritual growth of each child. In collaboration with our students, we work to develop a learning environment that excites the imagination, inspires creativity and fosters endless curiosity. Can't wait to meet you!

## Emmanuel Day School

Emmanuel Day School offers a nurturing, intimate and exciting learning environment with enriching opportunities for preschool children to discover and explore. By building on children's natural passion for discovery we encourage students to work together in a multiage environment to investigate new concepts. Our intimate setting gives each child an individualized learning experience that excites the imagination, inspires creativity and instills lifelong curiosity.

The child-parent-teacher team plays a key role in our school philosophy. Collaboration includes; daily family blog updates, daily activity reports and monthly family events. In partnership with families, we give our students the most valuable lesson of all: the lifelong love of learning. Our community of families is extremely important to us!
